OCY \$20 AT THE DOOR PER PERSON

"Lyrically, the tunes are reminiscent of Bruce Springsteen's ability to describe characters in such exquisite detail that by the end of five minutes it seems as if you've known them your whole life. These are people and songs you'll want to revisit and spend more time with. That's the mark of a timeless album, which is exactly what this under the radar gem is. Play it once and you'll be calling your friends to rave about Mangione, his chamber folk and one of the hidden musical highlights of the year."
