NEWMAN CENTRE STAFF UPDATES

Our Development Officer, Samantha Koon, has been key to our fundraising success this year. The structure and system Samantha has put in place over the last seven years has provided an excellent framework for our continued development efforts. As a result, we are now in a position to bring other members of staff onto the fundraising team, sharing in some of the associated responsibilities. In the role of Development Consultant, Samantha will be providing guidance to Marianne Boyd and Lenita Lopes as they assume some of these responsibilities.

We are grateful that Samantha will continue to be with Newman two days each month in her new consulting capacity. With their expanded responsibilities, Marianne Boyd has been promoted to Operations Director, and Lenita Lopes to Stewardship and Development Manager.
